The Yellow Sheet is published by the National Provisioner outfit, which is the leadin' publication read by all packers and dealers in provisions. Smith tried to shoot the Yellow Sheet down with some very prejudiced hearings and reports, and he was aided and abetted by many in the meat bizness (CONT. ON PAGE 14)

Storm Markets Bring Higher Fed Cattle, Hog Prices at Major Marts Monday

The winter storm that lashed much of the Nation's midsection Monday curtailed receipts at the terminal markets and brought forced trading at most points which meant higher prices for fed cattle and hogs at all points as packers pressed for supplies. Slaughter cows and bulls were fully steady, spots 50¢ to \$1 up. Price trends, quotations on choice and prime fed steers and heifers and on the mixed good and choice grades and US 1-3 hogs scaling mostly 200 to 280 pounds included:

St. Louis compared to last Tuesday found fed steers \$1.50 to \$2 higher and heifers \$2 to \$2.50 higher. Steers \$53 to \$55 and \$52 to \$53.50; heifers \$51 to \$54 and \$49.50 to \$51. Hogs steady to 50¢ higher at \$47.50 to \$50.50. St. Joseph fed cattle 50¢ to \$1 higher. Steers \$55.25 to \$56.75 and \$54 to \$55.25; heifers \$53.25 to \$54.75 and \$51 to \$52.50. Hogs 50¢ to \$1 higher at \$48 to \$50.50. Kansas City fed cattle 50¢ to \$1 higher. Higher good and choice steers \$54.50 to \$55.25 and high good and choice heifers \$52 to \$54. Hogs 50¢ to \$1.50 higher at \$47 to \$50.75.

and livestock business and others who are unhappy with the reportin' and marketin' systems now in use, and the problem seems that there are many shortcomings in the present system, but it is like the rest of the agricultural system, far from perfect or satisfactory, but so far no one has been able to improve it much, if any.

Some of the politicians and hucksters wonder why a majority of the people don't trust 'em and recently one of the best examples of this surfaced in the way USDA handled a report aimed at checkin' the Yellow Sheet, the Meat Sheet and the USDA meat market reportin' systems. The study was to be conducted by the Packers & Stockyards Administration and reportedly it was contact Clamon's Rocking 21 Ranch, Rt. 1, Box 60, Kaufman, Texas 75142, John and Venita Clamon, Owners, 214/932-2940 or Richard Clamon, Manager, 214/932-2704.

ready to print and distribute, when Lel and Behold! it almost disappeared. It was reported that several thousand copies had been printed. Then it was reported that they had been destroyed. Then leaks from USDA started and then the agricultural reporter for Associated Press somehow got a hold of a copy.

Natchery, this was another episode in how today's USDA plays dirty pool. As we studied this caper the word "obfuscate" seemed to best describe how USDA operates in this point in time.

Webster tells us "obfuscate" means to confuse, perplex, bewilder, darken and obscure, and if you think that ain't the USDA's mode of operation these days you just ain't been payin' attention.

USDA claimed some professor hired to analyze the fack's & figgers simply messed up and they had to be done over. But this seems a lame excuse for the scurrin' around and coverin' up, not to mention those "leaks" to members of the news media.

It reminds us of what old Uncle Dunk always says. Just tell the truth and you don't have to remember what you said.

Ever this.

The Editor.

P. S.: Uncle Dunk says there's reportedly a new game on the market. It's called "Bureaucracy". It's first one that moves, loses. Dunk figgers if California's Gov. Brown and Jimmy Carter really hook up in a race for the Democratic nomination, it'll be more fancy footwork on display than Fred Astaire ever dreamed about. The agility of these two in sidesteppin' around any given position defies the laws of gravity as well as bein' mind bogglin' to boot.

Dunk figgers Texas Republican Governor-elect Bill Clements has already committed the mortal sin insofar as the Democratic Legislature is concerned. That \$2 billion surplus was lookin' like a big pie ready to be cut up, but Bill says he figgers we only ort to shag off \$1 billion and keep the rest in reserve for emergencies. They are already in mourning in Austin! — Thassall, Brothor

A LOT OF BULL?

You bet.
Just ask Shorthorn producer Bob Fuller of Steamboat, Rock, Iowa. He reports bulls that are born unassisted, that weigh at 518 pounds, and that gain 4.20 pounds per day on a 140-day test, and that weigh 1,189 pounds at one year.

Shorthorns have always had the ability to grade choice, so when you put it together here is a breed that does it all.
Through the efforts of ASA's advancement programs and study and research by individual breeders Shorthorn improvement is increasing all the time.
No hills, no fancies, just a breed that means higher profits for you.
And that's no bull!

D. (Pete) Swafford of Omaha, Neb. "The 1980 World Shorthorn Conference will put the Shorthorn breed in a unique position to demonstrate the ability of our cattle to fit the needs of the market, not just in a particular region, but on a global scale. We can accommodate the market faster than any other breed in the world," he continued, "and by showing how our cattle perform world-wide we can demonstrate their quality to the commercial herdsman."

**Pybas Simmental
Bull Sale Dec. 2
Near Gainesville**

Gainesville, Texas — J. E. and Barbara Pybas, owners of Pybas Ranch, will hold their 5th annual bull sale at the ranch located 18 miles northwest of Gainesville on Farm Road 1201 (Sivells Bend Road) at 1 p.m., Saturday, Dec. 2.

They will be selling 60 service-age yearling and two-year-old bulls that are halfbloods, three-quarters and seven-eighths Simmental from Pybas Hereford base. They are sired by top Simmental sires such as Apollo, Galant and Extra.

J. E. Pybas has been in the cattle business since 1948 with one of the top commercial Hereford herds, and was one of the first Simmental breeders in Texas, having been breeding Simmental nine years, and one hundred percent by artificial insemination for the past seven years.

"We have found that these bulls will add weaning weight, and we guarantee that they will put 50 pounds more weaning weight on calves than British bulls will," Pybas said.

"Simmental cross cows are the best commercial cows I have ever seen, and I don't know how you can beat them," he added.

Jack Dillard, Waskom, will be auctioneer for the sale. Lunch will be available.

Angus Journal Sale
To National Assn.
Set for July 1979

The American Angus Association, St. Joseph, Missouri, and the owners of the Aberdeen-Angus Journal, Webster City, Iowa, have signed a letter of intent for the American Angus Association to purchase the Journal, according to a joint announcement by Gilman Stewart, Association president and Murray G. Fritz, president and publisher of the Journal.

The agreement was reached at a meeting of the Board of Directors of the American Angus Association on Sunday, November 12 in Louisville, Kentucky. Under terms of the agreement, the present ownership of the Aberdeen-Angus Journal will continue to publish the magazine through the annual Rand Reference Edition in June 1979. The American Angus Association will assume ownership and responsibility for the Journal beginning with the July 1979 issue, and the magazine will be published at the Association headquarters in St. Joseph, Missouri.

The actual contract for purchase of the Journal will be negotiated in the near future. Preliminary plans, however, call for an expanded coverage of Angus events and an increase in circulation to include all active life members of the American Angus Association, according to Dr. C. K. Allen, executive secretary of the American Angus Association.

The Aberdeen-Angus Journal was founded in 1919 by the late Fred Hahne at Webster City, Iowa. The first issue was published on August 19, 1919. The Hahne family still has part ownership in the Journal along with Murray G. Fritz, president and publisher.

Replacement Cattle Prices Posted Gains Again Last Week Most Places

St. Joseph, Nov. 21 (USDA) — National feeder cattle and calf receipts 135,200 this holiday shortened week, 245,300 last week and 101,000 a year ago. Overall optimism continued to reign within the feeder cattle and calf market and prices moved substantially higher for the fourth consecutive week. Prices for feeders this holiday shortened period were steady to 2.00 higher across with some locations recording gains of as much as 3.00-4.00.

Steer calves in Tennessee worked 3.00-3.50 higher. Material price gains for slaughter steers and heifers as well as both futures prices for slaughter steers and feeder steers were among factors providing impetus for feeder prices. The improvement of grazing conditions also a major factor boosting prices.

In addition to the commitment to deliver a sizeable number of loads to satisfy November feeder futures contracts certainly a price stimulating factor for deliverable kinds in the very short term.

2nd Annual National Brangus Show Results

The second annual National Brangus Show was held at the American Royal Livestock Show in Kansas City, MO. on November 17, 1978. Both the Grand Champion bull and female were jointly owned by several breeders. Joint ownership of bulls has been common for many years, but the advent of over transfer techniques has made it more common for outstanding females to be owned jointly, as one cow can now produce upwards of 25 calves in one year.

The grand champion Brangus bull was Brink's Cloud 708R owned by Pruett-Wray Cattle Co., Phoenix, Arizona; Lasy VP Brangus, Oracle, Arizona; Al Face, Yuma, Arizona; and Willow Springs Ranch, Burton, Texas. This smooth, growthy late junior yearling bull had earlier been named junior champion by judge Joe Lewis of Laredo, Texas.

The reserve grand champion bull, also senior yearling bull class winner, was WRH and RSV Titan 23/6, owned by Harris Farms, Columbus Texas; Vineyard Cattle Co., Wharton, Texas; and Windy Acres Brangus, Brenham, Texas.

The grand champion female was jointly owned by Choya Ranches, Camp Wood, Texas; Brink's Brangus, Kerrville, Texas; and Crest N Ranch, Reno Ridge, Texas. The late junior yearling heifer, Miss BB Champion 193 Y, was also the junior champion female.

The reserve grand champion female was owned by Windy Acres Brangus. She was Miss KB Titan 33/7, an early junior yearling heifer who was also reserve junior champion heifer.

Other champions in the bull show included: bull calf champion, WSR 942 Son 442, a late senior bull calf owned by Willow Springs Ranch; reserve bull calf champion, Mr. Choya 551, an early senior bull calf owned by Choya Ranches; reserve junior champion bull, PW Oscar 270/7, an early junior yearling bull owned by Willow Springs Ranch and Windy Acres Brangus.

Additional champions in the female show were: heifer calf champion GLO Miss George 411, a late senior heifer calf owned by Granada Brangus, Bryan, Texas; and Miss BB Titan 528F, an early senior heifer calf owned by Brink's Brangus, Windy Acres Brangus and Jim Hurl, Hastings, Nebraska.

Other class winners not included among the champions were: late junior bull calf, BWH Timberline 896, owned by Billy Harry Brangus, Sulphur Springs, Texas; early junior bull calf, GLO R 550 20/8, owned by Granada Brangus; early senior yearling bull, GLO Ace 97/7, owned by Granada Brangus; two year old bull, WSR R 38/137, owned by Willow Springs Ranch; and Richard Runday, Bruc shire, Texas; late junior heifer calf, JWH Georgia Gal 283/8, owned by J. W. Hastings, Wichita Falls, Texas; early junior heifer calf, GLO Miss Sam 28, owned by Granada Brangus; late summer yearling heifer, Miss Castro Majestic 24/7, owned by Castro Ranch, Lexington, Texas; and Miss BB Titan R12, owned by Cross N Ranch, Brink's Brangus and Windy Acres Brangus.

Willow Springs Ranch swept the group classes winning the competition for pair of females, pair of bulls and geldings. The sire of the winning pair was WSR Cloud 942, who himself had one of the most impressive show records ever established in the Brangus breed.

talents as a country vocalist would be best recognized. In short order, he was signed by CBS-TV to represent Nashville and country music on a summer replacement show, "CBS Newcomers."

Allan recently commented that his most important record was "Can You Hear Those Pioneers," which was co-written with his wife, Judy, as it served to turn a struggling career into a prosperous one. In the last three years, he has had seven records in the National Country Top Ten.

"Western music is my heritage, and something I expect to continue doing on all my shows and albums for the rest of my life," Allen said. "I would like to keep this simplicity of western music in all my music. The harmony is too pretty to lose."

He has produced three albums. His first, Another Goodbye Song, had diverse material. Next came Ridin' High with a wide range of music from traditional to contemporary and some of Allen's own. Then in a definitive effort came one entitled simply, Rex, and featured mostly Allen's own works.

The entertainer has a multi-faceted career. He has written songs for Joe Stampley and Margo Smith as well as being a studio singer. He also has recorded for Sherry Bryce and Tommy Hunter, star of Canada's longest running country music TV show. And Rex Jr. has participated in a number of nationally run TV and radio commercials.

Tractor Pulls have been increased to include March 8, 9, 10 and 11, with 4-wheel drive vehicles pulling on the first two nights in addition to tractors.

"We have added a new exciting 4-wheel drive pull for the first two nights plus regular classes of tractors. On Saturday and Sunday nights only tractors will be featured," Allen said.

The Southwest Farm Show, which is free to everyone, will feature every kind of farm and ranch equipment and supplies. Thousands of dollars in door prizes will be given away.

The show will swing open its doors each day at 10:30 a.m. A Natural Fibers Fashion Review will be held on Saturday with homemakers from three states. Reserve seat tickets to all of the tractor pulls and 4-wheel drive pulls went on sale November 1. They may be ordered by writing Southwest Championship Tractor Pull, P. O. Box 938, Fort Worth, Texas 76101 or by calling 817/335-8777.
